

Dear Eye Care Professional,

At this time we are announcing the discontinuation of Nike MaxSight brand of contact lenses. While the design and technology of these lenses was a significant advancement in the industry, sales levels do not warrant continuation with this product line.

We will continue to ship Rx Nike MaxSight contact lenses while supplies last through April 30, 2008.

If you have any questions please contact your Bausch & Lomb representative or customer service at 1-800-828-9030.

Sincerely,

Michael Brandow
Vice President, Contact Lens Sales
Americas Region
