Dear Eye Care Professional:

AMO delivers life-improving vision technologies for people of all ages. We do this by providing eye care professionals and their patients a **Complete Refractive Solution** that includes a differentiated suite of advanced products and services designed to address vision disorders at all stages of life. We offer market-leading technologies for myopia, hyperopia, astigmatism, presbyopia, cataract, spherical aberration, contact lens care and corneal health, as well as proven educational and support programs that help eye care professionals master technologies and grow their practices.

We appreciate the trust and confidence you place in AMO and look forward to serving you and your patients with a broad range of superior technologies with a singular focus on serving the vision care needs of eye care professionals and patients around the world. Please do not hesitate to contact us with any questions at

Sincerely,

David W. Hansen, O.D.
