ALL DAY.

PROCLEAR® 1 DAY: THE OUTSTANDING ALL-DAY COMFORT OF PC HYDROGEL™ IN A DAILY DISPOSABLE LENS

PROCLEAR 1 DAY MAKES END-OF-DAY DISCOMFORT A THING OF THE PAST

- Delivers exceptional levels of both overall comfort, and comfort at the end of the day
- Patented PC Technology™ creates a unique lens material that attracts and maintains water, keeping the lenses moist and comfortable all day long
- Features the only lens material with an FDA-cleared indication relating to improved comfort for those who experience dryness or mild discomfort during lens wear¹

¹ FDA-cleared labeling indication: "May provide improved comfort for contact lens wearers who experience mild discomfort or symptoms relating to dryness during lens wear."

ONLY THE BEST FOR YOUR PATIENTS—AND YOUR PRACTICE

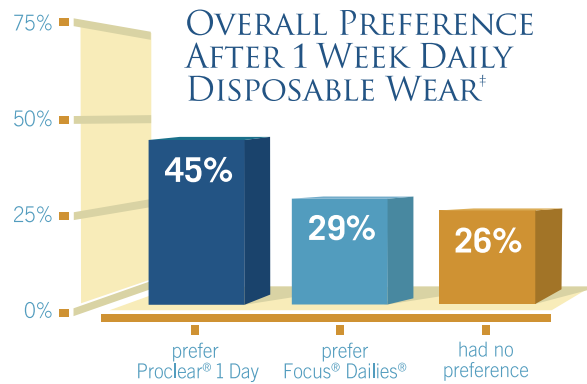

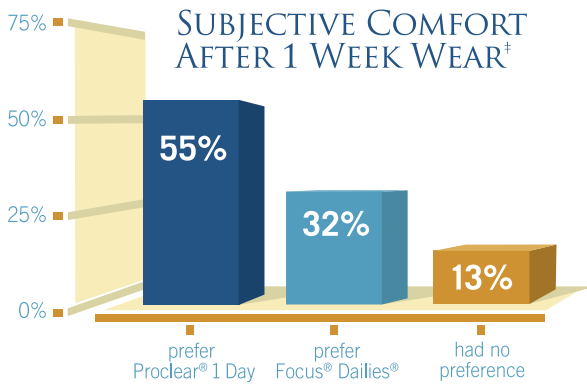

By offering your patients unmatched comfort, health, and performance, Proclear 1 Day also lets your practice enjoy all the benefits of upgrading those patients to a premium daily disposable.

COMFORT AT THE END OF THE DAY IS JUST THE BEGINNING

- Features aspheric optics designed to block both lens aberrations and theoretical corneal aberrations, resulting in crisp, clear vision
- Optimized lens design and handling tint allows for easy lens insertion and removal
- Patented molded round edge reduces conjunctival interaction—resulting in continuous wearing comfort

Superior aspheric optical design corrects aberrations for greater clarity across the power range.
